# WE'RE ALL ABOUT THE RANGE

Our New FLUSH-FIT Pelmet System integrates into the front face of the door providing a beautiful seamless appearance. Combined with our TUFF-TRACK System, the pelmet height is reduced and only a single horizontal track is required providing a neat, uncluttered installation. Optional FLUSH-FIT rebate mouldings incorporate the Pelmet System into the building, eliminating interference with eave mouldings (only available on new construction).

# WE'RE ALL ABOUT INNOVATION

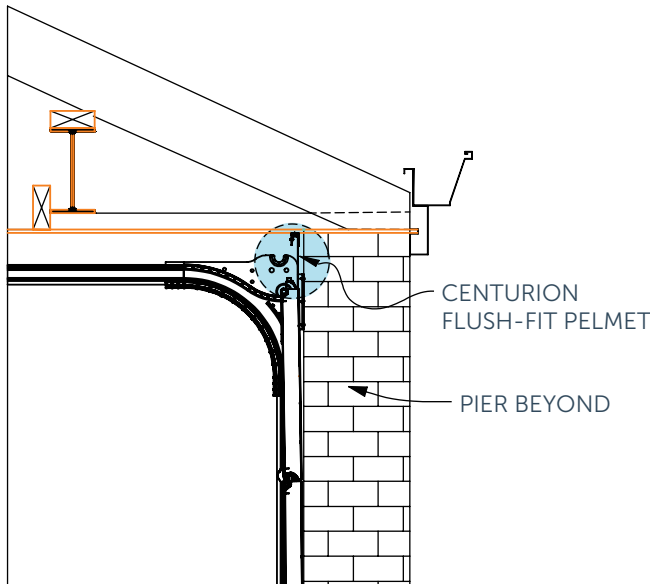

We are renowned as "The Industry Innovators" and our latest innovation builds on this reputation, with an exciting NEW Track & Pelmet System destined to revolutionise the way garage doors are installed. Our NEW fully integrated FLUSH-FIT Pelmet System forever does away with "tacked on" pelmets that have always looked like an after thought. "Street Appeal" can have a huge impact on the value of a home. FLUSH-FIT pelmets integrate with the door, enhancing the elevation and street appeal of the home.
